However, by sheer coincidence, the daughter he selects from an orphanage is secretly a telepath! Also, the woman who agrees to be in a sham marriage with him is secretly an assassin!

While concealing their true identities from one another, the three now find themselves living together as a family. As the Forgers look for a pet dog for Anya, Loid's spy agency uncovers a plot to assassinate a Westalis foreign minister using bomb-bearing canines. Twilight races to stop the scheme. Meanwhile, Anya meets a strange dog who somehow knows her family. Thanks to the dog's precognitive abilities, Anya prevents a future in which Twilight dies. The Forgers name the dog "Bond" and welcome him into their family!
